RU Lecture Marathon March 20 2013: Law as Authority or Law as Unity?

My lecture was attended inter alia by the President of Iceland, Mr. Ólafur Ragnar Grímsson.

### **Other Relevant Information**

Prior to my arrival at RU in October 2011 I had been very active as an Attorney to the Supreme Court. During my legal career I have litigated dozens of cases, and just prior to arriving here I was mostly busy with the banking crisis and its aftermath, representing large creditors of the failed Icelandic banks in several court cases which were judged by 7 Supreme Court Justices which only happens in the very biggest cases.

It may well be noted that through my work as an attorney I have in recent years written a large number of legal opinions in this field. I mention this because it might worth noting that my academic research did not start until 2012.
